

**Elemental Ecology**  
**Final Presentation Evaluation – 100 points**

**Presenters:**

Grade on a scale from 0 (worst) to 25 (best). Where 0-9 = not clear or incorrect, 10-14 = needing substantial revision, 15-20 = a good start with minor improvements, and 21-25 = excellent experiments and clear presentation.

**QUESTION or HYPOTHESIS:** Are the questions well defined? Is it clear how specific questions are related to the larger area of this study? Is it well justified?

Score: \_\_\_\_\_

Comments:

**APPROACH & RESEARCH PLAN:** Does the approach provide an adequate test of the hypothesis by excluding other interpretations? Can the students adequately explain why they chose these particular methods?
